

REACH Registration of Lithium Borates – Be on the safe side with FLUXANA®

REACH-registration for the manufacturers of lithium borates has been required since June 1, 2018.

FLUXANA® started early with the obligatory registration so that a smooth transition could be ensured. You can continue to **count on high quality and ongoing delivery capacities.**

Find more information [here](#).

Large Selection of Lithium Borates

Whether as **granulate** or as **micro beads**, with or without additives, for low or heavy consumption, FLUXANA® offers **controlled charge-independent high quality fluxes** well suited to your needs; at fair prices. Please ask us for an offer or samples!

Additional information can be found [here](#) or in our [Flyer](#).
